

B17 FLYING FORTRESS

THE ULTIMATE FLAGSHIP

THE ALL-IN-ONE FUNCTIONAL TRAINER

The B17 introduces upgrades for enhanced performance, user experience, and versatility. It features an interchangeable pulley ratio system (1:1 & 2:1) and a newly developed built-in weight stack supporting varied loads. It also has a comprehensive storage system for a cleaner setup.

EXPANDABLE DUAL-WEIGHT STACK SYSTEM

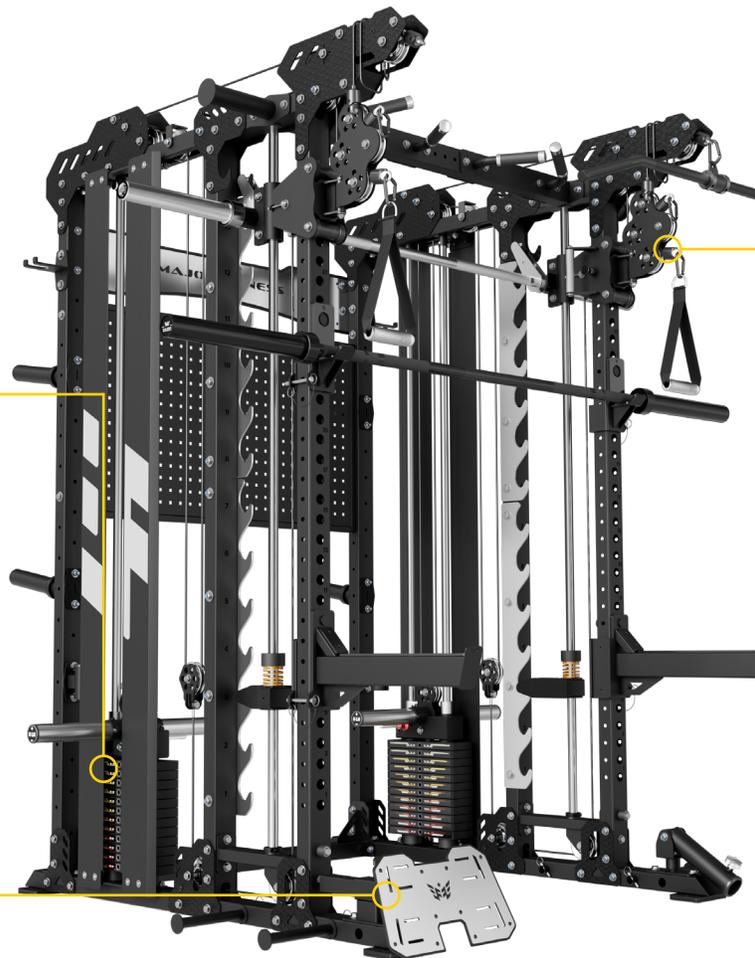

- Selector rod supports additional plate loading ≤ 260 lbs with precise 5 lb incremental adjustments.
- Equipped with protective shrouds and a shock-absorbing top pad for safer and quieter operation.

LEG HOLDER PREMIUM

- Enhanced Stability during cable and other exercises.
- Adjustable for different user heights and setups.

TELESCOPING FOOT PLATE

- Adjustable chrome-plated design for enhanced durability/finish.

INTERCHANGEABLE CABLE PULLEY SYSTEM

- Effortlessly switch between 1:1 and 2:1 ratios with no mechanical adjustment required.
- Enables quick transitions between training intensities and exercise types.

EXCLUSIVE ACCESSORIES

- Integrated lat pulldown extender offering extended cable travel
- In large pegboard panel for holding handles, bands, and other accessories.
