

Vesta Fitness - PRO SERIES 3IN1 Ultimate Rack With Smith Machine Specifications

Product Overview

Prepare to be blown away by the astonishing versatility of our 3IN1 Smith Machine - it's not just a piece of equipment, it's a game-changer. Being part of our PRO SERIES means this is fully commercial and built to last.

After extensive research, development, and rigorous testing of multiple prototypes, we've achieved perfection with our ultimate all-in-one machine - the best combination of a **Half Rack, Functional Trainer, and Smith Machine.**

Tested and approved by numerous gym owners and personal trainers in our Los Angeles Showroom, this masterpiece is engineered to surpass expectations and built to endure, and set to redefine your fitness journey.

Built with **commercial-grade strength 11-gauge steels and 3"x3" frame, massive 1" hardware**, laser cut numbering at each hole, this half rack and with smith machine is perfect for training facilities, commercial or home gyms. Moreover, we made it fully commercial with super smooth aluminum pulleys and extra-strong high tensile cables, ensuring a top-of-the-line experience.

Note: Our Counterbalanced Front-Loaded Smith Machine has a bar that has counterbalanced weight to make it 0 lb heavy! This is great for either you guys who are new to the fitness realm, or for those who want to perform bar exercises that are less than 45 lb.
